(Example webinar sponsor slide)

2022 Theme: Modernizing Excipient Technology - Need for excipients designed for purpose

Planned topics:

- Covid Vaccines & Beyond - mRNA vaccine future uses and connection to biologics
- 3D Printing – Characteristics and limitations of excipients designed specifically for 3D printing
- FDA Novel Excipient Review Pilot Program – Update from FDA 1 year after launch

We will schedule one (1) webinar per quarter (Q1, Q3, Q4).

All webinars will be scheduled for 11:00 AM – 1:00 PM Eastern unless otherwise stated.
